

Exciting new services offered - FREE

Paid Advertisement

Last year was one of success and growth for us at C. Walsh Realty, and we are looking forward to a great 2008. To celebrate, we are rolling out the best new services we can provide to all of our clients, present and future as well as past - we want to share with all of you!

C. Walsh Realty is offering new services to our clients with a signed contract: dumpsters, storage containers and a moving van!* FREE!*

Our job is to ease your transition and facilitate your real estate transaction. We have been servicing client's needs for many years and understand that purchasing or selling a home is an emotional experience as well as being physically taxing and time consuming. It can often be overwhelming - we really do get it!

To purge, pack and stage a home for sale is indeed a daunting process, but a home with curb appeal and sparkle will bring top dollar in any market. The efforts made prior to installing a "For Sale" sign will be worth every minute of time spent on your part and ours. In the sales process, you are very much a part of our team.

In many moves today a dumpster is needed, and maybe a storage container to hold excess "treasures," and

Want to use this truck? List with Us!

then of course there is the move itself. More companies to deal with and coordinate; more costs. To take some of this burden off of you, C. Walsh Realty is offering new services to our clients with a signed contract: dumpsters, storage containers and a moving van!* Free!*

When you take advantage of these valuable services we will streamline the entire process for you and simplify your life.

When you take a hard look at your possessions, you're sure to find many items that

you would really rather discard than move. When's the last time you cleaned out your garage, attic, basement and closets? Now you will have the opportunity with a C. Walsh Realty dumpster. For your excess furnishings, books and other things that you simply are not ready to part with, but which are cluttering up the house, a storage container is a great solution. Get them out of sight and unpack at your leisure at your new home! And when that much anticipated moving day rolls around, we can provide you with a van to move yourself!

When you take advantage of these valuable services we will streamline the entire process for you and simplify your life.

We do this because we appreciate your trust and faith in our abilities to take you completely through the biggest transaction you'll make, and we take your family's well being seriously. This is just another way for us to help in "Guiding you home."
