# WHERE DALLAS-AREA SCHOOLS RATED

## HOW THE RATINGS ARE DETERMINED

Rating Data	Test Results	High School Completion rate
Exemplary	90% passing in each TAKS subject	95%
Recognized	70% passing in each TAKS subject	85%
Acceptable	50% passing in reading, writing and social studies; 35% in math and 25% in science	75%
Unacceptable	Below acceptable standards	Below 75%

- A school can be recognized or acceptable if its passing rate is below standards as long as it shows significant improvement over the previous year.
- Completion rates apply to grades nine through 12; schools also must meet minimum dropout rate standards for grades seven and eight.
- Minimum percentages for TAKS passing rates and for completion and dropout rates apply to all students in grades three to 11 and also to each of these student subgroups: blacks, Hispanics, whites and economically disadvantaged. Passing rates for special education students are based on scores on the State Developed Alternative Assessment.
