

Short Sale / Foreclosure Specialist ~ Katie Halle

Katie Halle, a certified Short Sale / Foreclosure Resource, has been successfully representing short sale and foreclosure buyers and sellers since the downturn in the market began. With a strong closing record she is not new to the process and will use her practical experience and education to help guide you through the transaction.

Katie is a problem solver. She understands that each situation has unique circumstances. Each plan is tailored to fit your individual needs.

Her experience in the field goes way beyond real estate. For just over eight years, Katie served as a loan processor and mortgage originator with a local bank and later a local mortgage broker. Her client's love the fact that she can accurately explain the loan process to them and understands the bank's lingo when negotiating sales.

Due to the success of our strategic marketing and because we work with both buyers and sellers, we have a large pool of buyers and sellers throughout the Valley. There's a good chance that we have the perfect match for you!

When you choose The Dillon Team you get a team of highly skilled, full time agents and staff members. Our priority is an enjoyable and stress free experience in achieving your real estate goals.
