The recent foreclosure crisis has led to a whole host of for-profit businesses offering homeowners fee-based assistance for Loan Modifications or Short Sale real estate transactions.

At this forum you will learn how you can help your clients and constituents avoid being affected by predators perpetuating foreclosure rescue scams on unsuspecting homeowners. You will also learn how they can get help from a HUD-approved, nonprofit housing counseling agency if they have already become victims.

*The key message is that **free** help is available!*

Speakers include: ✓ FDIC ✓ Federal Reserve Bank ✓ HUD ✓ DRE Commissioner

Space is limited, so please RSVP by August 2 to [\(714\) 621-0102](tel:7146210102)
