

Free Money Is Real

Smart ways to find and save cash

Free money is real, and it's all around us. All you have to do is know where to find it. Luckily, we've found a few places to get you started. Hopefully, this will set you on the path to finding more.

Whether it's government tax incentives or online deal-finders, these are just a couple ways to start cashing in:

- Check unclaimedassets.com to see if you have any free money or assets coming your way.
- Have an old pool table you want to get rid of? Barter on Craiglist.org, or trade someone for tennis lessons, amusement park tickets, etc.
- Make dinner reservations on opentable.com. The reservation service is free, and you can earn points for each reservation that add up to free meals.
- Pay your bills online and save on costly stamps and checks. Check to see if your bank offers free online bill pay or check directly with the payee to see if they have a bill pay service on their website.

Oh, by the way®... I'm never too busy for your referrals.
